ST. GABRIEL'S CHILDREN'S RESPITE HOUSE

This beautifully designed spacious six-bedroom house was purpose built for children who have the most challenging physical disabilities and additional complex medical needs. The house will provide a suitable place for families to access short term and overnight respite in an environment that will have special appeal for their child. Respite is an essential intervention which helps support the families to enable them to care for their children at home and in the long term. We are hopeful state funding will be available so that this much needed facility can open on a gradual basis later this year. However, in the meantime St. Gabriel's is continuing to appeal for funding support to help meet the €1 million shortfall.
